

# We Pray to Our Father as a Family

## JESUS TEACHES US TO PRAY

One day, Jesus' friends watched their master from a distance as he prayed to his father. His way of praying was so different from theirs. Jesus seemed to love God so much, and he talked to him as if he was just next to him. He asked God for help so confidently, as if he knew that God would give him what he asked.

The disciples wished that they could also pray like Jesus, so when he had finished praying, they went up to him and said, "Lord, teach us to pray!"

Jesus was happy to teach them his way of praying. He wanted them to come to know his father and to become children of his father, so he said, "When you pray, say, 'Our Father who art in heaven...'"

As they listened, the disciples began to realize that God was not just a powerful person far away, but someone very close, someone who loved them like a father. They realised that Jesus was ready to share his father with them... and that they too could now say to him, "Abba! Daddy! Papa!"
