A BOY GIVES UP HIS SUPPER

Jesus had spent the whole day out in the countryside, healing the sick who were brought to him. Now it was getting late, and everyone was tired and hungry.

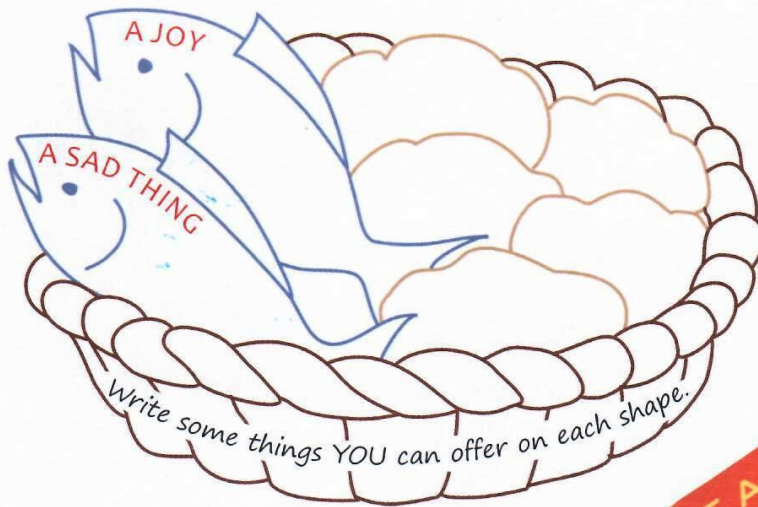

Jesus' disciples said to him, "Master, send the people away to the nearest villages to buy food!" But Jesus replied, "No, we can't do that, for they might faint on the way. You give them something to eat!"

A boy heard this conversation. He had his supper of two fish and five loaves of bread. He was hungry too, but offered his food to Jesus.

Jesus took his offering and thanked God for it. Then he gave it to the people. A wonderful miracle took place! All the thousands of people ate and were full.

At Mass we too can offer something to Jesus. He joins our offering to his sacrifice and works a wonderful miracle, feeding many people with the bread of life.

Q: Why should we offer our lives to God?
A: Because he has given us everything!
