

After God had made everything else he said,  
"Let's make people like us!" So he made people like  
himself. He breathed into them and made them alive.

A teddy-bear  
has a body, but  
it's not alive!

A dog is alive,  
but it can't love God.

I have a body.  
I am alive AND  
I can know God  
and love him.  
I can choose to  
be good.  
That's because  
I have a SOUL.  
When my body  
stops working,  
my soul will still  
be alive.

*Lord, you formed me in my mother's womb  
I praise you, for I am wonderfully made!*

something she remembers  
about you as a baby.
