

Abraham told his servant to go to his country and find a bride for Isaac from among his relatives.

His servant asked God to help him with this difficult task.

He met Rebekah at the well outside the city. She was both beautiful and good and was from Abraham's family. She was ready to leave her home and marry Isaac.

The servant thanked God for helping him find the right girl.

For many years, Jesus worked as a carpenter. Even as a boy, he helped his father to saw wood, hammer nails and make furniture.

Everyone should work, even if they don't feel like it. When you work, say:

Jesus,
help me!
I'm doing this
for you!

Then you will
become holy.
